Historical workplace tragedies could have been avoided if a secure occupational infrastructure had been in place using a standard such as ISO 45001 for guidance.

possible lack of boundaries and inability to diplomatically push back or say no .

Based on these examples, it is clear that, to move forward, companies need to be putting health and safety at the heart of their businesses.

Every business is different and will have its own indicators of its culture of safety.

A public consultation period for the committee draft of ISO 45001 Occupational health and safety management standard systems requirements with guidance for use is now open, with UK comments requested by 8th September 2014.
