A public consultation period for the committee draft of ISO 45001 Occupational health and safety management standard systems requirements with guidance for use is now open, with UK comments requested by 8th September 2014.

Every business is different and will have its own indicators of its culture of safety.

possible lack of boundaries and inability to diplomatically push back or say no .

19 July 2014 12:38:55It s important for employees to be aware of their company s

Indeed, forty years after its launch, the Health and Safety Executive s (HSE s) research into the Act s impact found that non-fatal injuries have fallen by 77% and fatal injury rates by a massive 85% (1).

Historical workplace tragedies could have been avoided if a secure occupational infrastructure had been in place using a standard such as ISO 45001 for guidance.

Based on these examples, it is clear that, to move forward, companies need to be putting health and safety at the heart of their businesses.

The companies that adopt this approach go beyond simply dictating rules and providing protective equipment.

The new standard is designed to replace the widely-used OHSAS 18001 whilst also taking into account other key documents and discussion points from around the world.
