Historical workplace tragedies could have been avoided if a secure occupational infrastructure had been in place using a standard such as ISO 45001 for guidance.

Indeed, forty years after its launch, the Health and Safety Executive s (HSE s) research into the Act s impact found that non-fatal injuries have fallen by 77% and fatal injury rates by a massive 85% (1).

Based on these examples, it is clear that, to move forward, companies need to be putting health and safety at the heart of their businesses.

The companies that adopt this approach go beyond simply dictating rules and providing protective equipment.

A messy or dirty business can potentially send a negative message about the company s commitment to safe work and also to discipline, organisation and accountability.
