downward trend may be beginning to level off (2) and, whilst it would be great

In this blog Diana shares the approaches and tools that have worked best for her clients from different sectors and industries.

Leadership involves inspiring people to change their daily behaviour and lead by example, ensuring that managers influence safe practises, set goals and provide feedback.

Despite extensive regulation, existing standards and guidelines work-related disease still kills millions globally each year, with hundreds of thousands more fatalities caused by workplace accidents.

There will be a further public consultation in 2015 after a re-drafting of the standard to reflect comments received following the current consultation.

and hazard control programmes in place, and businesses putting worker safety first having a We

For example, this may be about monitoring time spent and introducing strategies or tweaking behaviours to gradually reduce the time lost anguishing.

even make them a cup of tea or provide a tissue! Some even get to

Shrewd use of its culture of safety also helps it communicate a variety of corporate messages to employees, site visitors and customers.

2014 09:59:55Sach Sankpal, Global President, Honeywell Safety Products offers his thoughts.
